ABOUT THE COMPANY

GB Logistics Commerce Limited operates in two key areas Logistics and Agricultural Commodities Trading. It offers full truckload freight services, including specialized handling, multi-level deliveries, and out-of-delivery area shipments, supported by a diverse fleet of trucks. Also, the company leverages its logistics expertise for trading agricultural commodities, boosting revenue and strengthening its role in agriculture and logistics. With a focus on efficiency, market expansion, and technology, it excels in challenging deliveries while prioritizing customer needs.
